

# Candy-Infused Vodka (Halloween)

Food Network Magazine - October 2020

*1 package (7 ounce) soft  
black licorice sticks, cut into  
small pieces  
1 bottle (750 ml) vodka  
80 orange skittles*

Divide the vodka between two large glass jars.

Add the skittles to one jar. Place the licorice in the other jar.

Let the skittles infuse for one day. Strain through a sieve lined with a coffee filter (this will take several hours).

Let the licorice infuse for two to three days. Strain through a sieve lined with a coffee filter (this will take several hours).

Serve the vodka on the rocks with candy garnishes.
